NOTICE TO CITY SUBSCRIBERS.

possible to the CASH SYSTEM, we have deter- &c. mined hereafter to collect our subscriptions, within the city, QUARTERLY. To carry this determination into effect, we have placed our GILL, who will make the collections, and also attend to the delivery of the Papers, and see that subscribers are served punctually. We hope this arrangement will be satisfactory to all parties. Those who may desire to save them selves the necessity of making four payments during the year, can, if they prefer it, pay in advance for the whole year.

ROCK CITY MILLS. -As will be seen by their card, in the special notice column, the proprietors of these celebrated mills have been compelled to make a slight advance on their retail price of extra family flour and bran. As heretofore, they will continue to deliver at any place in the city, free of charge, all purchases made of them.

W. THURSTON BLACK, the Artist, is at present on a visit to our city. He is stopping at Mrs. Surra's, No. 12 High street, where he can be seen by any one who may desire a portrait by him.

THE GALETY .- Marsh's Juveniles continue their performances at the Gaiety three nights more. Last night Ingomer was admirably put upon the stage, for the benefit of LITTLE MARY MARSH, and, although the audience was not so large as the talented beneficiary deserves, yet the applause elicited by the performance showed plainly that those who did witness it were well satisfied. To-night will be presented the grand fairy operatic drama of Conderella, and the laughable farce of My Neighbor's Wife.

Dr. F. A. Vox Moscazisker, the celebrated Oculist and Aurist, now in St. Locis, J. B. & A. V. RUTLAND, will visit Nashville about the 1st of January next on a professional tour, previous to his return to New Orleans. Several weeks since, when in St. Louis, we visited the office of Dr. M. and witnessed with pleasure some of Boots, Shoes, Trunks, Valises, &c. his operations on the ear and eye. His office is always open to the medical profession at large, and they are cordially invited to call to see hlm. His great success in New Orleans and St. Louis, in cases of deafness and diseased eyes, has been remarkable, and he can with pleasure refer to a host of leading citizens in those cities who have voluntarily testified to his khowledge and skill as an Oculist and Aurist. The St. Louis Democrat

of the 29th of Nov. says: Dr. Von Moschzisker.-This eminent oculist and aurist publishes in to-day's paper a card of thanks to those who have consulte him, and to his medical brethren and personal friends, for their kindness towards him. If we point to the very many flattering testimonials from p rsons of the highest respectability, that this gentleman has received for the cures of deafness and blindness, we may indeed style him the most eminent oculist and aurist that ever visited our city; and in doing so we are happy to say that the various extracts from popers of other cities he visitedprevious to coming to St. Louis, and with which he was introduced to the public -- have shown him to be fully d-serving of all the praises lavished on his skill and talents. The Dr. we regret to say, will, as he states, be obliged to fulfil several engagements- made by him last winter in New Orleans-but, as he states, those who will consult him previous to the 15th of December, will have all the advantages of his skill that their cases may require. After that date, he will have to refuse such as require his personal attention. as his stay in our city will be then too limited to undertake difficult cases. We trust be may revisit our city, and we assure him a hearty welcome whenever he does come. We believe it is his intention to do so.

The Ladies' Home Magazhae, EDIT D BY T. S. ARTHUR,

MISS VIRGINIA F. TOWNSEND.

Volumes Thirteen and Fourteen. In announcing the Volumes of the HOME MAGAZINE for 1859, the Publishers cannot but refer to the significant fact, that, while nearly every other literary periodical in the HANSEN'S PIANOS. country lost ground during 1858, under the depressing influence of the times, THE HOME MAGAZINE INCREASED IN CIRCULATION BEYOND ANY PREVIOUS YEAR! A fact like this needs no comment-it speaks for itself; and we only remark, on presenting it, that it has encouraged us in the work of preparing a Magazine for the HOMES OF THE PEOPLE, that shall come to both parents and children as a true and welcome friend, more than anything that has occurred since the in-

itial number went forth. Our Magazine will continue under the same editorial supervision as before, and its pages continue to be largely supplied from the editor's pen. Other writers of ability will aid in the task of producing a periodical which is designed to meet a want that no other work has attempted so broadly to supply. Besides the Literary Department, there will be, as heretofore, in each number-a Mother's Department; a Health Department; a Boys' and Girls Treasury; the Toilette and Work-Table; Hints for Housekeepers; and an Editorial De-

Reliable Colored Fashion Plates and fine Sicel Engravings, besides an almost endless variety of Needle-work Patterns, will continue to be given. In a word, the Home Magazine shall be all that its name implies; while in style of embellishment and beauty of typography it will not be exceeded by any maga ine of its kind in the country.

The admirers of Miss Townsend will be pleased to learn that she will commence in the January number, a new story, entitled. .. WAIT AND SEE," to be continued through six or seven numbers of the Magazine. Those who have read her "LOOK OUT," need not be reminded of the pleasure that is in store

Schnapps, Schn Schnapps, s's Schnapp Medicated five -33 CAUTION TO THE PUBLIC After several years experiment in the manufacture

f Gin, I fortunately succeeded, in the year 1848, in making a discovery in its manufacture, by which it was deprived of its acid and inflammatory properties and rendered perfectly pure.
My manufacture is at Scheidam, Holland. After everal months reflection what title to give it, I in-reduced it to the American public under the title of Wolfe's Scheidam Aromatic Schnapps."— Scheidam is the name of the place in Holland where Scheidam is the name of the place in Holland where the Gin is manufactured; "aromatic" derives its name from the Italian Juniper berry with which it is flavored; and the word "Schnapps" is the German for drink—cogue, dram—Wolle's Scheidam aromatic drink. No sconer had my Schnapps been introduced to the American public, and received with approbation, then the hunter mivers of New York Boston. ion, than the liquor mixers of New York, Bost and Philadelphia started in pursuit with their mixe and poisonous stuff, under various names. In seveal instances my labels have been so perfectly inita ed, with only the addition of a lew letters, to plead echnical avandance of the law, and so carefully pr pared as to impose on carcless purchasers. I under-stand a large quantity has been purchased by the merchants of New Orleans on account of the cheap-ness of the stuff. Two Pollars per dozen for the ness of the stuff. Two Pollars per dozen for the Quarts, and one Pollar and len Cents a dozen for the Pints, being the wholesale price in New York. It is nothing but American Whisky flavored with the oil of Juniper, and reduced thirty per cent below proof. A merchant who participates indirectly in the trand, by selling the spurious article, is as much an offender as the principal, who planned the imposition. I hope every respectable citizen, who values the health of the community in which he lives, will aid me in ferreiting out and exposing the unscrupulo

merchant who, for the sake of a 'ew cents, will pu

in jeopardy the lives of the community in which I lives. Such men should be nailed to the pillory of

public execration.
